XII Youth Bios Olympiad 2007

and

International Youth Conference

on the Bio-Environment

September 21-25, 2007

St.-Petersburg, Russia

The goal of the XII Youth Bios Olympiad 2007 is to consolidate the spirit of Biopolitics and Bio-Culture in young people and future generations.

The XIIth Youth Bios Olympiad has its mission to promote:

- ❖ The ability of youth organisations to address environmental and biopolitical issues;
- ❖ Public organisations aimed at environmental protection and education;
- ❖ Environmental development and the furtherance of biocentric values in society;
- ❖ New approaches and methods of solving environmental problems;
- ❖ Promising environmental youth projects;
- ❖ Criteria for the bio-assessment of developmental, cultural, creative and educational activities;
- ❖ The creation data banks on methods of environmental study and research, as well as public movements, projects and programmes to unite young people through their participation in environmental action groups;
- ❖ Bio-environmental, bio-cultural and bio-athletic values.
