XIII Youth Bios Olympiad 2008

and

International Youth Conference

on the Bio-Environment

September 19-23, 2008

St.-Petersburg, Russia

The goal of the **Youth Bios Olympiad** is to consolidate the spirit of Bio-politics and Bio-Culture in young people and future generations.

The Youth Bios Olympiad has its mission to promote:

- ❖ The ability of youth organizations to address environmental and bio-political issues;
- ❖ Public organizations aimed at environmental protection and education;
- ❖ Environmental development and the furtherance of bio-centric values in society;
- ❖ New approaches and methods of solving environmental problems;
- ❖ Promising environmental youth projects;
- ❖ Criteria for the bio-assessment of developmental, cultural, creative and educational activities;
- ❖ The creation data banks on methods of environmental study and research, as well as public movements, projects and programmes to unite young people through their participation in environmental action groups;
- ❖ Bio-environmental, bio-cultural and bio-athletic values.
